李宇森  LI, YUSEN

RESEARCH INTEREST	Milky Way: Galactic archaeology, Galaxy structures and dynamics Galaxies: Galactic dynamics, bars and spirals, formation and evolution, morphology and structures Computing: Simulation, mathematical modelling, machine learning, julia	
EDUCATION	University of Groningen	Groningen, The Netherlands
	<i>PhD in Astronomy and Astrophysics</i>	2026.09 - 2030.09
	• Supervisors: Prof. Else Starkenburg , Prof. Amina Helmi	
	Australian National University	Canberra, Australia
	<i>MSc (Adv) in Astronomy and Astrophysics</i>	2025.07 - 2026.06
AWARDS AND HONORS	• Supervisors: Prof. Kenneth Freeman , Prof. Helmut Jerjen	
	<i>BSc (Hons) in Astronomy and Astrophysics</i>	2024.02 - 2024.12
	• Supervisors: Prof. Kenneth Freeman, Prof. Helmut Jerjen	
	<i>Bachelor of Science (BSc)</i>	2021.02 - 2023.12
	• Double major in Mathematics & Astronomy and Astrophysics	
ACADEMIC EXPERIENCE	Bok Prize (Astronomical Society of Australia)	2025.07
	<i>Outstanding Honours/Masters thesis in Australian Astronomy in 2024</i>	
PUBLICATIONS (ADS LIBRARY)	Vacation Studentship CAS, Swinburne	2026.01 - 2026.02
	Advisor: Dr. Rebecca Davies	
	Visitor National Astronomical Observatories, China	2024.12 - 2025.06
Advisor: Prof. Jingkun Zhao		
PUBLICATIONS (ADS LIBRARY)	Li, Y., Freeman, K., & Jerjen, H. 2025a, Monthly Notices of the Royal Astronomical Society, 539, On the origin of the Hercules group: II. The Trojan quasi-periodic identity on the orbital level, 1595 (ADS entry)	
	Li, Y., Freeman, K., Jerjen, H., Buder, S., Hayden, M., & Mondal, A. 2025b, Monthly Notices of the Royal Astronomical Society, 538, On the origin of the Hercules group - I. Chemical signatures indicating the outer bar origin, 1963 (ADS entry)	

CONFERENCES

The bar's influence on the ionised gas emission and motion in edge-on galaxies: NGC 5746 as a start Poster

The 2026 Astronomical Society of Australia Annual Scientific Meeting

On the chemical and orbital origin of Hercules Prize Talk

The 2025 Astronomical Society of Australia Annual Scientific Meeting

Stellar Orbit Dynamics Presentation

Mount Stromlo Student Seminar 2024

The dynamical origin of the Hercules stream Sparkler

The 2024 Astronomical Society of Australia Annual Scientific Meeting
