李宇森  LI, YUSEN

RESEARCH INTEREST	Milky Way: Galactic archaeology, Galaxy structures and dynamics Galaxies: Galactic dynamics, bars and spirals, formation and evolution, morphology and structures Computing: Simulation, mathematical modelling, machine learning, julia	
EDUCATION	Australian National University Canberra, Australia <i>Masters (MSc) in Astronomy and Astrophysics</i> 2025.07 - 2026.06 • Supervisors: Prof. Kenneth Freeman, Prof. Helmut Jerjen <i>Honours (HSc) in Astronomy and Astrophysics</i> 2024.02 - 2024.12 • Supervisors: Prof. Kenneth Freeman, Prof. Helmut Jerjen <i>Bachelor of Science (BSc)</i> 2021.02 - 2023.12 • Double major in Mathematics & Astronomy and Astrophysics	
AWARDS AND HONORS	Bok Prize (Astronomical Society of Australia) 2025.07 <i>Outstanding Honours/Masters thesis in Australian Astronomy in 2024</i>	
ACADEMIC EXPERIENCE	Vacation Studentship CAS, Swinburne 2026.01 - 2026.02 advisor: Dr. Rebecca Davies Visitor National Astronomical Observatories, China 2024.12 - 2025.06 advisors: Profs. Jingkun Zhao & Gang Zhao	
PUBLICATIONS (ADS LIBRARY)	Li, Y., Freeman, K., & Jerjen, H. 2025a, Monthly Notices of the Royal Astronomical Society, 539, On the origin of the Hercules group: II. The Trojan quasi-periodic identity on the orbital level, 1595 (ADS entry) Li, Y., Freeman, K., Jerjen, H., Buder, S., Hayden, M., & Mondal, A. 2025b, Monthly Notices of the Royal Astronomical Society, 538, On the origin of the Hercules group - I. Chemical signatures indicating the outer bar origin, 1963 (ADS entry)	
CONFERENCES	On the chemical and orbital origin of Hercules Prize Talk The 2025 Astronomical Society of Australia Annual Scientific Meeting Stellar Orbit Dynamics Presentation Mount Stromlo Student Seminar 2024 The dynamical origin of the Hercules stream Sparkler The 2024 Astronomical Society of Australia Annual Scientific Meeting
